

CONVERSATIONAL SPANISH FOR BEGINNERS

This class is 1 hour long and is focused on basic conversational Spanish. Spanish is the second most spoken language in the world. This class ideal for families who want to share a new experience with their children by learning a new language and being able to practice it with each other, and for children and adults that would like exposure to the language. We will cover different topics of conversations and start out with basic words like:

Hola

De nada

Gracias
